

## Library Engagement Assessment Process

LEAP

---

---

---

---

---

---

---

## Introductions

### ■ The LEAP Training & Support Team:

- Cathleen Crain
- Niel Tashima
- Michael Smith
- Cindy Mediavilla
- Suzanne Flint

---

---

---

---

---

---

---

## The LEAP Training

### ■ The purpose LEAP

- Enhance your understanding of the variety, needs, resources, and skills of Boomers.
- Match Boomers to your needs, plans, resources, and capacity.

### ■ This will help you to:

- Plan new services - both for Boomers and others
- Enhance or adapt current services
- Garner resources for your library

---

---

---

---

---

---

---

## How It Will Work

- What we will do for the next few hours
- What you will take with you
- How we will work with you
- New grant opportunities

---

---

---

---

---

---

---

---

## Why Assess?

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## Why LEAP?

- LEAP is an engagement assessment not a needs assessment
- Why engagement?
  - Moves beyond one way service assessment
  - Creates deeper knowledge of complex population
  - Creates collaborations
  - Garners resources for libraries

---

---

---

---

---

---

---

## Overview of LEAP Steps

1. Describe your Boomers
2. Identify library needs & resources
3. Prioritize segments of your Boomer population
4. Assess priority Boomer segments
5. Determine library-Boomer engagement potential
6. Report your findings

---

---

---

---

---

---

---

## LEAP STEPS

---

---

---

---

---

---

---

## Who Are The Boomers?

- Boomers are not all the same
  - Richer and poorer
  - Different races and ethnicities
  - Men and women
  - Gay and straight
  - Older (leading edge Boomers 53-62)
  - Younger (trailing edge Boomers 43-52)
  - Diverse needs, resources, and skills.

---

---

---

---

---

---

---

---

## Boomer Eras

- Leading edge Boomers were born between 1946 and 1954 and are 53-62 years old.
- Trailing edge Boomers were born between 1955 and 1964 and are 43-52 years old.

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

STEP 1

Describe Your Boomers

---

---

---

---

---

---

---

---

Step 1: Describe your Boomers

■ In this LEAP step there are four activities:

- Activity a. Create a picture of your resident Boomer population.
- Activity b. Create a picture of your daytime Boomer population.
- Activity c. Identify the major segments of your Boomer population.
- Activity d. Gather information on segments of your Boomer population.

■ At the end of this step you will have a good general picture of the Boomers in your area.

---

---

---

---

---

---

---

---

### Step 1, Activity a. Create a demographic picture of your resident Boomer population.

- You may already have good information
- This is the time to expand and deepen it
- Use locally available information resources
- Other information resources

---

---

---

---

---

---

---

### Data on Boomers

- Important dimensions:
  - Numbers of Boomers
  - Percentage of each Gender
  - Distribution by Ethnicity
  - Primary Languages Spoken
  - Distribution by Socio-Economic Status (SES)
  - Geographic Distribution

---

---

---

---

---

---

---

### Demographic Resources

- U.S. Census. Go to *Population Finder*  
<http://www.census.gov/>
- American Fact Finder  
[http://factfinder.census.gov/home/saff/main.html?\\_lang=en](http://factfinder.census.gov/home/saff/main.html?_lang=en)
- California State Data Center Products and Services  
<http://www.dof.ca.gov/HTML/DEMOGRAP/SDC/SDC-Products.php>
- The National Association of Counties (NACo)  
[http://www.naco.org/Content/NavigationMenu/About\\_Counties/Data\\_and\\_Demographics/Dataand\\_Demographics.htm](http://www.naco.org/Content/NavigationMenu/About_Counties/Data_and_Demographics/Dataand_Demographics.htm)

---

---

---

---

---

---

---

## Display your information

**Local Boomer Demographic Profile**

# of %	Gender		Ethnicity/Race						Languages spoken and Percentages <sup>2</sup>				Income Quintile <sup>3</sup>				Geographic Concentration <sup>4</sup>		Age Group <sup>5</sup>	
	Male	Female	Non-Hispanic White	African American	Hispanic	Asian <sup>6</sup>	API <sup>7</sup>						1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	5 <sup>th</sup>		Born 1946 - 1955	Born 1956 - 1964

<sup>1</sup> American Indian/Alaska Native  
<sup>2</sup> Asian/Pacific Islander  
<sup>3</sup> Indicate each language and percentage of the total who speak it in a separate row.  
<sup>4</sup> This is one way of indicating income distribution (i.e., from the bottom 20% - 1<sup>st</sup> quintile - through the top 20% - 5<sup>th</sup> quintile. Use other indicators of income distribution if they are more readily available.  
<sup>5</sup> Use locally relevant geographic divisions - such as zip codes, census tracts, or named neighborhoods - for which data, including local knowledge, are available.  
<sup>6</sup> This refers to age group within the Boomer population, born from 1946 through 1964.

## Step 1, Activity b. Create a picture of your daytime boomer population

- Why the daytime population?
  - Spend significant time in your jurisdiction
  - May have needs
  - May have skills and resources
- Have employers with resources

## Step 1, Activity b. Resources

- Chamber of Commerce (CoC)
- For governmental organizations - personnel and information offices.
- Non-profit organization information:
  - United Way
  - Secretary of State in Sacramento
  - The Foundation Center
  - And always, the library!
  - Others???

## Step 1, Activity b. Display your information

**Local Organizational Demographic Profile**

Name of Organization:															
Patrons/Products:															
Key contacts:															
Community involvement (current/interest):															
# or %	Gender		Ethnicity/Race					Language Spoken and Percentage <sup>1</sup>	Income Quintile <sup>2</sup>					Geographic Concentration <sup>3</sup>	Age Group <sup>4</sup>
	Male	Female	Non-Hispanic White	African American	Hispanic	Asian <sup>5</sup>	API <sup>6</sup>		1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	5 <sup>th</sup>		

<sup>1</sup> American Indian/Alaska Native  
<sup>2</sup> Asian/Pacific Islander  
<sup>3</sup> Indicate each language and percentage of the total who speak it in a separate row.  
<sup>4</sup> This is one way of indicating income distribution (i.e., from the bottom 20% - 1<sup>st</sup> quintile - through the top 20% - 5<sup>th</sup> quintile. Use other indicators of income distribution if they are more readily available.  
<sup>5</sup> Use locally relevant geographic divisions - such as zip codes, census tracts, or named neighborhoods - for which data, including local knowledge, are available.  
<sup>6</sup> This refers to age group within the Boomer population, born from 1946 through 1964.

---

---

---

---

---

---

---

---

---

---

---

---

## Step 1, Activity c. Identify the major segments of your Boomer population.

- The demographic information will point to the major segments of the local Boomer population.
- Use your team's local knowledge to interpret the demographic information and define segments.

---

---

---

---

---

---

---

---

---

---

---

---

## Step 1, Activity d. Gather information on segments of the local Boomer population.

- Expand your knowledge about the defined segments of the Boomer population.
- Gather information through other resources - they may include:
  - The library system
  - City/County government, non-profit organizations, and others.
- Remember that you are interested in needs, resources, and skills of all Boomers, so think broadly about who may have good information.

---

---

---

---

---

---

---

---

---

---

---

---

## Diverse information

- It is likely that from this task you will gather diverse information about Boomers.
- Manage and display the information in the way that is most useful to your team.

---

---

---

---

---

---

---

---

## Display your information

Local African American Boomer Demographic Profile

	Gender		Educational Level					Income Quintile <sup>1</sup>					Geographic Concentration <sup>2</sup>		Age Group <sup>3</sup>	
	Male	Female	Less than High School	High School	College	Post-Graduate	1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	5 <sup>th</sup>				Born 1946 - 1955	Born 1956 - 1964
Number or Percentage																

<sup>1</sup>This is one way of indicating income distribution (i.e. from the bottom 20% - 1<sup>st</sup> quintile - through the top 20% - 5<sup>th</sup> quintile). Use other indicators of income distribution if they are more readily available.

<sup>2</sup>Use locally relevant geographic divisions - such as zip codes, census tracts, or named neighbourhoods - for which data, including local knowledge, are available.

<sup>3</sup>This refers to age group within the Boomer population, born from 1946 through 1964.

---

---

---

---

---

---

---

---

NO, HE'S THE LEADING EDGE BOOMER, NOT ME!

---

---

---

---

---

---

---

---

## STEP 2

### Identify Library Needs & Resources

---

---

---

---

---

---

---

---

## Step 2 Activities

- In this LEAP step there are four activities:
  - Activity a. Review library planning documents.
  - Activity b. Review and/or project library needs for services for currently served populations.
  - Activity c. Create a list of needed and desired resources and anticipated sources.
  - Activity d. Create a list of existing library capacities and capacities to develop.
- At the end of this step you will have a good picture of current and projected needs and capacities of your library.

---

---

---

---

---

---

---

---

## Step 2: Identify your library's needs and resources.

- Create a clear picture of current and future library needs and library resources.
- Compile by drawing from library planning documents and the expertise of your library staff.
- Even if you have an inventory, it will be important to thoughtfully complete this step.
- This is a time to think globally about how you would like to develop your library services.
- Dream!

---

---

---

---

---

---

---

---

### Step 2, Activity a. Review library planning documents.

- Review existing planning documents that are relevant to understanding library needs, capacities, and resources, such as:
  - Inventories of library needs and capacities compiled as part of planning processes;
  - Assessments of library capacities;
  - Results of user surveys;
  - Other?

---

---

---

---

---

---

---

### Step 2, Activity b. Review and/or project library needs for services to currently served populations.

- Examine the most recent assessments and update as needed to include:
  - Your assessment of needs for service enhancement or expansion.
- Utilize information compiled in "review of library planning documents", and from discussions with library personnel.

---

---

---

---

---

---

---

### Step 2, Activity c. Create a list of needed and desired resources and sources

- Create a list of resources and sources for program development.
- Sample format:

Needed Resources & Potential Sources

Resource Needed	Potential Boomer Sources
Planning support	???
Resource development for library expansion	???
Library equipment	???
Specialized population outreach planning & implementation	???

---

---

---

---

---

---

---

### Step 2, Activity d. Create a list of existing library capacities and capacities to develop.

- Create a final list of both your library's principal current capacities and the capacities you want to develop.
- Sample format:

Current Capacities	Capacities to Develop
Only Korean language support available	Vietnamese and Mandarin language support
Once monthly early childhood development assessments	Weekly early childhood development assessment capacity

---

---

---

---

---

---

---

---

## STEP 3

### Prioritize Segments of Your Boomer Population

---

---

---

---

---

---

---

---

### Step 3: Prioritize Your Boomer Segments

- One activity in Step 3, prioritizing the Boomer segments that you have identified.
- Remember:
  - Many may be interesting, but few should be chosen (for now).
  - You will have other opportunities to engage those you do not follow now.
- At the end of this step you will have an ordered list of Boomer segments.

---

---

---

---

---

---

---

---

### Step 3, Activity a. Prioritize Boomer segments.

- Decide who is important to follow now.
- Issues that may be important in deciding priority:
  - Members of a group not engaged with the library
  - Greatest need group
  - Promising and needed skills and resources
- Consider in prioritizing:
  - Barriers or facilitators to engaging with a group, such as:
    - primary languages
    - geographic barriers
    - other issues
- Important to end up with solid, locally relevant reasons for priority decisions.

---

---

---

---

---

---

---

---

### Displaying information

Prioritized Boomer Population Segments					
Name of Boomer Segment	Description of Segment	Facilitators to Engagement	Barriers to Engagement	Why Prioritized	Notes on Segment

---

---

---

---

---

---

---

---

## STEP 4

Assess Priority Boomer Segments

---

---

---

---

---

---

---

---

## Step 4 Activities

- There are five activities in Step 4.
  - Activity a. Identify means of making initial contact with a *sample* of the population.
  - Activity b. Decide how to gather information.
  - Activity c. Select questions to ask.
  - Activity d. Gather information.
  - Activity e. Analyze needs and resources of the prioritized segment.
- At the end of this step you will have in-depth knowledge of one or more Boomer segments.

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

### Step 4, Activity a. Identify means of making initial contact with a *sample* of the population

- Possible means of making contact
  - Advertisements in segment gathering places (note: this may include the library)
  - Advertisements in local media, including: ethnic radio stations or other niche market media
  - Direct recruitment through influential individuals
  - Recruitment through segment organizations
  - Direct recruitment at your library through staff and users
  - Other means your team determines to be appropriate and cost and time effective.

---

---

---

---

---

---

---

---

### Step 4, Activity b. Decide how to gather information.

- Focus Groups
- Telephone or web surveys
- Interviews

---

---

---

---

---

---

---

### Pros & Cons

- Focus Groups
  - Good information, time friendly, inexpensive, but hard to ensure everyone gets to say all they want to say.
- Telephone or Web Surveys
  - Great information, but time intensive and potentially expensive.
- Interviews
  - Great information, time intensive and potentially expensive.

---

---

---

---

---

---

---

### Step 4, Activity c. Select questions to ask

- Core recommended questions:
  - Do you currently use the library? If so, how and why? If not, why not?
  - How would you describe your library?
  - How does the library currently serve you?
  - What needs for information and services do you have?
  - How could the library engage you to use your skills and interests to serve the community through the library?
  - How can the library best engage you in library activities?
  - What would make this harder? Easier?
  - Are there other gatekeepers and opinion-makers that we should also approach?

---

---

---

---

---

---

---

### Step 4, Activity d. Gather Information

- Conduct your focus groups, interviews or surveys.
  - If your segment is well defined, you will not need to do many.
  - You are looking for trends in the information, such as:
    - Types of services needed
    - Skills and resources
    - Means of engaging
    - Gatekeepers and opinionmakers

---

---

---

---

---

---

---

### Step 4, Activity e. Analyze needs and resources of the prioritized segment

- Questions to consider:
  - What needs do they have that the library could address?
  - What needs do they have that are better addressed by other community agencies?
  - Could the library facilitate these connections?
  - What skills and resources do they have that could help the library?

---

---

---

---

---

---

---

## STEP 5

Determine Library-Boomer Engagement Potential

---

---

---

---

---

---

---

## Step 5 Activities

- There are four activities in Step 5.
  - Activity a. Review the information about your library's needs and resources.
  - Activity b. Match your library's capacities with the needs of the selected Boomer segment.
  - Activity c. Match your library's needs with the resources potentially available from Boomers.
  - Activity d. Determine most likely areas of Library-Boomer engagement to cultivate.
- At the end of this Step you will have a clear picture of how the library and your Boomer segment(s) can serve each other.

---

---

---

---

---

---

---

---

### Step 5, Activity a. Review the information about your library's needs and resources.

- Review the outcome of Step 2.
  - Have new needs become clear?
  - Have you identified new resources or skills that might be available?
  - What new programs and services could you think about developing?
  - What new partners may you develop in the community?

---

---

---

---

---

---

---

---

### Step 5, Activity b: Match your library's capacities with the needs of the selected Boomer segment.

Engagement Opportunity Matrix 1:

Library Capacities	Boomer Needs			

---

---

---

---

---

---

---

---

Step 5, Activity c: Match your library's needs with the resources potentially available from Boomers.

Engagement Opportunity Matrix 2:

Library Needs	Boomer Skills & Resources			

---

---

---

---

---

---

---

---

Step 5, Activity d: Determine areas of Library-Boomer engagement to cultivate.

- You now have a list of the areas of potential library-Boomer engagement
  - List based on sound analysis of needs and resources.
- Determine which of these has highest priority -
  - May require a priority-setting exercise like that outlined in Step 3, in which library personnel agree on criteria for setting priorities.
  - Potentials of greatest interest and urgency may stand out.
  - Document the basis for selection.

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## STEP 6

### Report Your Findings

---

---

---

---

---

---

---

---

## LEAP Reporting

- LTG will review the reports and prepare a summary of key findings for distribution in early May 2008.
- Why a report?
  - What you learn about your Boomers can help other libraries understand the State's Boomers better and inspire them to conduct their own LEAPs.

---

---

---

---

---

---

---

---

## LEAP Reporting (continued)

- Report due on April 1, 2008
  - A. Describe your LEAP activity.
  - B. Profile Your Local Boomers
  - C. Describe Your Library's Needs and Resources
  - D. Your Priority Boomer Segment(s)
  - E. Potentials for Library-Boomer Engagement
  - F. Conclusion
  - Describe any circumstances or events that made conducting your LEAP harder or easier.
  - Tell us how useful you found the TA provided and how it could have been better.
  - Describe ways in which you think LEAP in general could be improved.
  - How useful do you think the LEAP process was?

---

---

---

---

---

---

---

---

## Next Steps – Beyond LEAP

- Create a plan for engaging with high-priority Boomer population segment(s).
  - Activity a. Identify potential Boomer collaborators (individuals or groups) associated with high priority opportunities.
  - Activity b. Create a strategy for sharing the library's analysis of engagement opportunities with potential collaborators and forming working groups.
  - Apply for a targeted LSTA grant to implement an innovative engagement opportunity that you have identified through this process. Deadline for 08/09 LSTA grant is May 31, 2008.
